Legal Basis: Discontinued line item (originally established by Am. Sub. H.B. 204 of the 113th G.A.)

Purpose: This line item was used to reimburse school districts for losses incurred as a result of the 10% and 2.5% "rollback" reductions in real property taxes and as a result of the "homestead exemption" reduction in real property taxes. Beginning in FY 2010, this line item was also used to reimburse school districts for tax revenue lost from Class 2 real property and public utility tangible personal property as a result of passing a conversion levy. Under Am. Sub. H.B. 59 of the 130th G.A., the rollback payments no longer apply to new or replacement levies approved by voters at the November 2013 election and onward. That bill also altered the homestead exemption program so that newly eligible elderly or disabled homeowners must have an Ohio adjusted gross income of less than \$30,000 to qualify (persons currently receiving the exemption for their current home do not lose it). Since 2007, all elderly or disabled homeowners qualified regardless of income. Prior to that, the homestead exemption was also means-tested. Beginning in FY 2016, these payments are made from GRF line item 200903, Property Tax Reimbursement - Education, located in the State Revenue Distributions (RDF) section.

Specifically, ODE provides training, resources, tools, and information to support school safety and security, including emergency management planning. Prior to FY 2014, this line item promoted drug free schools in accordance with the federal Safe and Drug Free Schools and Communities Act. Traditionally, most of these funds were distributed to school districts based on a federal formula for use in drug and violence prevention activities, with the remaining funds used for related ODE administrative and state level activities. When the federal law expired, ODE used the remainder of the federal grant award to provide competitive grants to Ohio's schools. In addition, funds were used for personal service contracts to maintain an online career development resource, to sustain the School Climate Profile System, and to train parent advocates on prevention and intervention strategies to reduce violence, alcohol, tobacco, and drug abuse in schools and communities.
